

PETG BOTTLES

Pharma & Biopharmaceutical Applications

PRODUCT DATASHEET

AdvantaPure™ PETG Square Media Bottles are engineered for the secure storage and transfer of critical fluids in pharmaceutical, biopharmaceutical, and life science applications. Manufactured in the USA under an ISO 7 cleanroom, ensuring stringent quality control and adherence to industry standards, these bottles provide exceptional clarity for easy visual inspection, low extractables, and strong chemical resistance to help protect product integrity.

The space-efficient square design improves stability during handling and storage, while the durable PETG construction withstands freeze/thaw cycles with temperatures down to -85°C without cracking, making them ideal for cold-chain applications.

KEY FEATURES & BENEFITS

- Withstands freeze/thaw cycles down to -185°F (-85°C)
- Lugged cap design promotes safety and ease of use
- Optically clear for easy visual inspection of contents
- Excellent chemical resistance for demanding fluids
- Low gas permeability for improved barrier protection
- High-density polyethylene (HDPE) caps provide a secure, leak-proof seal
- Square, space-saving design maximizes storage efficiency and improves bottle stability
- Fully automated production minimizes contamination
- Comprehensive [validation package](#) to expedite qualification and validation

TYPICAL APPLICATIONS

Media Preparation and Storage

In-Process Sampling

Aseptic Filling Operations

Buffer and Reagent Storage

Drug Substance and Excipient Handling

Cold Chain Applications

Cell Culture Applications

Formulation and Fill-Finish

Clinical Trial Material Handling

Transportation of Reagents

COMPLIANT OR TESTED TO

- USP <665> Extractables/Leachables
- USP <661.2> Physicochemical Test for Plastics
- RoHS Compliant
- ADCF

PRODUCT SPECIFICATIONS

Material of Constuction	PETG, HDPE (closure)
Molded Graduation	Yes
Working Temperature Range	-185°F to 158°F (-85°C to 70°C)
Closure Included	Yes
Shelf Life	No expiration date for non-sterile
Gamma Stable	Maximum 50 kGy
Autoclavable	Not autoclavable
Drug Master File (DMF) (On the resin)	9987
Manufacturing Location	ISO Class 7 Cleanroom
Manufacturing Process	Injection blow molded
Chemical Resistance*	Excellent
Assemblies	Available as part of our sterilized assemblies

* [View the complete Chemical Compatibility Chart here](#)

MATERIAL ADVANTAGES

PETG BOTTLE	HDPE CAP
Crystal-clear transparency for easy visual checks	Excellent chemical resistance for aggressive or reactive solutions
Strong barrier against gas to help maintain pH-sensitive contents	Secure, leak-proof seal for safe storage and transport
Durable and impact-resistant for demanding lab use	Stands up to routine handling without cracking or stress

PART NUMBERS

NON-STERILE					
PART NUMBER	DESCRIPTION	CLOSURE	QUANTITY		
			Bottles per Tray	Trays per Case	Total
A2030010	125 mL AdvantaPure PETG Square Media Bottle, Non-Sterile	38-430	24	4	96
A2030011	250 mL AdvantaPure PETG Square Media Bottle, Non-Sterile	38-430	30	2	60
A2030012	500 mL AdvantaPure PETG Square Media Bottle, Non-Sterile	38-430	20	2	40
A2030013	1000 mL AdvantaPure PETG Square Media Bottle, Non-Sterile	38-430	12	2	24
A2030014	2000 mL AdvantaPure PETG Square Media Bottle, Non-Sterile	53B	6	2	12

NOTE: Bottles can only be ordered by the full case. Also available as part of our sterilized assemblies. Assemblies are gamma-irradiated in the United States.

All AdvantaPure PETG Square Media Bottles are packaged in individually shrink-wrapped trays, and the trays are placed on top of the other.

Available Sizes

AdvantaPure PETG bottles are available in 125 mL, 250 mL, 500 mL, 1000 mL, and 2000 mL. All sizes come with molded graduations.

The AdvantaPure line of fluid transfer systems for the biopharma and pharmaceutical market are a line of the NewAge Industries family of products and services.

WARRANTY: Products of NewAge Industries, Inc.™ the parent company of the AdvantaPure™ division are warranted to be free from defects in material and workmanship. Any product found to carry such defects will be replaced without charge. This warranty is limited only to the replacement of AdvantaPure products, item for item, which after examination by AdvantaPure are deemed defective. The AdvantaPure division specifically disclaims any other liability. The data supplied is provided as a helpful guideline and is believed to be reliable; however, nothing stated shall constitute a guarantee, recommendation, or warranty for any application.
